

# Key Pad Specification Sheet

Model No. VT-79 ( Part No.: CPCB-VT79K1--)

## Feature:

- ◎ Support LCD display OSD function adjustment.

## Function :

- ◎ Key Switch x5
- ◎ Dual color LED , Green and Yellow .
- ◎ IR receiver for remote control function (Optional )

## Connector Description:

**CN1 :** Input connector (2.0mm , 11 Pin, DIP)--with IR function  
Input connector (2.0mm , 8 Pin, DIP)---without IR function

| Pin | Function    | Note |
|-----|-------------|------|
| 1   | SEL+(RIGHT) |      |
| 2   | SEL-(LEFT)  |      |
| 3   | AUTO/EXIT   |      |
| 4   | MENU        |      |
| 5   | POWER       |      |
| 6   | LED-G       |      |
| 7   | LED-R       |      |
| 8   | GND         |      |
| 9   | 5V          |      |
| 10  | IR data     |      |
| 11  | GND         |      |

## Key Switch Height:

Standard:5.0 mm above the PCB surface , PCB thickness:1.6mm

Optional size: 7.0 mm , 9.5 mm ,13 mm .

## LED Height:

6.5 mm above the PCB surface , PCB thickness :1.6mm

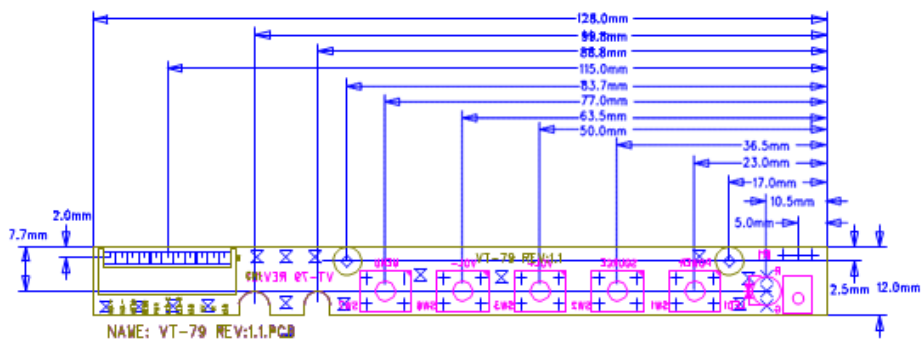

## IR receiver Height:

5.2 mm above the PCB surface , PCB thickness :1.6mm

## CN1 Height (Reverse side ):

5.0 mm above the PCB surface , PCB thickness: 1.6mm

## Board Dimension :128mm\*12mm

## Board Photo :
